

FAST MOVING TECHNOLOGY

*STÄUBLI*

# TX60 Range

6 axis industrial robots

## A unique 4 axis and 6 axis robot range for all applications

Whenever industrial companies need speed, repeatability or reliability, Staubli robots provide the most appropriate answer.

To satisfy its customers, Staubli Robotics has developed specific solutions, meeting the needs of all industries: electronics, medical, automotive, food, plastics, mechanical or painting.

Designed to work in the most hostile environments, but also to meet stringent cleanroom requirements, Staubli robots demonstrate their efficiency in all circumstances.

**With performance always in mind.**

MAN AND MACHINE

# Reliability, flexibility, performance

**High precision, long life time and reduced maintenance**

JCS gearbox designed by Staubli

**Optimum use of the work area**

Less floorspace needed, large work envelope

**Eliminating complex cable management**

Connections directly on the robot forearm

**Flexible integration on the production line**

Multiple attachment methods

**Work in difficult environments**

Vertical outlet, complete protection of connection

## The added values of Staubli robot arms

TX 6-axis industrial robots features an articulated arm for extraordinary dexterity and flexibility. This range of robots is designed to handle various applications in many industrial sectors. The compactness

of the arm and the large work envelope allow maximum utilization of cell workspace. The integration of the robot on the production line is easier thanks to multiple attachment methods (floor, wall, ceiling). The robot

arm's rugged, fully enclosed structure makes it ideal for applications in harsh environments.

TX60L model

**Optimum cleanliness, arm motion freedom and production reliability**

- All cables and pipes routed through the arm removing obstacles from the work area
- Enclosed structure

**Texture and color customization**

- Choice of arm finish

**Precise trajectory performance**

- Increased part quality
- Reduced rework costs

**Certifications**
