

BTS-Bag Press

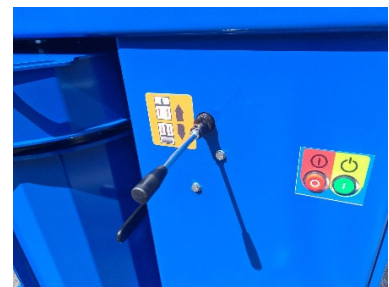

blue-line

The BTS-Bag Press is ideal for compacting your dry and wet waste into a garbage bag. Large bulky rubbish, but also recyclable materials can be compacted easily and safe to a minimum of its size. The bag compactor impresses with its ease of use and its enormous volume reduction. By compacting these waste and recyclable materials you achieve a volume reduction of up to 90%, a significant saving on your disposal costs and you also create a safe and clean working environment.

Pressing force: 3 Ton
 Compaction: up to 90 % (material depending)
 Machine size: 1861 H x 1200 W x 630 D mm
 Machine weight: 325 kg
 Transport height: 1861 mm
 Cycle times: 20 seconds
 Motor: 1.5 kW 13 Amp
 Power supply: 220 - 240 V (1 phase)
 Noise level: 68 dB

- User-friendly lever control
- Optimum utilization of garbage bins
- Reduces the number of waste bins
- No more climbing into bins
- Reduces frequency of waste collection
- A quality product "Made in Europe"

Suitable for compacting

- Dry and wet waste materials
- Recyclable materials
- Paper and cardboard
- Light valuable materials

Optional extras

- Machine colour RAL
- Machine galvanized
- PLC auto compaction cycles
- Power supply 380 - 400 V (3 phase)
