Cleaning Machine

Mira Jet

Mira Jet

The Mira Jet AT-40 is a dry powder smart cleaning machine that gives the user complete control by fine-tuning for the unique application with each use. The optimized design leads to a consistent and pulse-free spray stream. It allows the user to clean quickly and efficiently, with performance that is changing the drybuz cleaning industry. The optimized design leads to a consistent and pulse-free spray stream. It realizes unique applications by converting dry ice into particles between 0.3mm - 3mm according to the operator's preference.

0,3 - 3 mm Pellet Dry Ice Particle Range

Latest Technology

The digital display offers an intuitive display with a 7" LCD that allows the user to easily see and adjust parameters and machine settings. This powerful dry ice sprayer also features programmable application recipes that allow users to set and save spray parameters such as spray pressure and feed rate.

The PLC-controlled automation system enables remote monitoring and diagnostics with on-demand to get the most out of their machines. The online portal provides machine usage data and data views for remote technical support.

- Smart Dry Ice Cleaning Machine
- Touch LCD Screen
- European Standards (CE)
- 0.3- 3 mm Pellet Grinding Range
- PLC Automation System
- Suitable for Food and Health Industry
- Stainless Steel Body
- Parameter Setting
- Prescription Creation
- Machine Data
- Compact Design
- Ergonomic Design
- Nozzle Drawer
- Nozzle Options
- Special Pistol Hose
- Special Pistol with/without Light
- Working Capacity up to 10 bar
- Easy Open Locking Hinge System
- Eva Coating Against Frost
- Remote Technical Support
- Special Hose Sleeve

Windows

AT- 40 Mira Jet

Dry Ice Cleaning Machine

Dimension (WxHxD) 550 x 1060 x 850 mm

Weight 80 kg

Dry Ice Capacity 18 kg

Dry Ice Consumption 0 - 2 kg/min

Air Consumption 0.5 - 3 m³/min

Pressure 4 - 10 bar
