

BTS-MF60 Waste Baler

The BTS-MF60 Waste Baler is ideal for compacting loose cardboard, paper and film but also for pressing metal buckets, tins, cans and small drums. By compacting these recyclable materials users receive a high-volume reduction up to 90%, disposal cost savings and materials can be returned into recycling cycle.

Recommended for convenience stores, petrol stations, hotels, guest houses, restaurants, retail and small manufacturing companies.

High compaction ratio and large fill chamber

Lever-control for packing plate up and down

Bale Lifting Trolley

Retainers to prevent spring back of material in the bale chamber

Bracket for two spools bale strapping

Bale-Trolley included

Specifications

- Compaction force: up to 3.5 tonnes
- Bale weight: 30 - 60 kg
- Bale size: 800 H (var.) x 700 W x 500 D mm
- Machine size: 1996 H x 1040 W x 720 D mm
- Machine weight: 230 kg
- Fill opening: 700 W x 492 H mm
- Cycle time: 24 seconds
- Power: 230 V 1.5 kW (1 Phase)
- Noise level: 65 dB
- Lever-control for packing plate up and down
- Bale Lifting Trolley
- A quality product „Made in Europe“

Options

- Can Crush Kit for containers up to 25 Ltr
- PLC control with automatic bale cycle
- Machine galvanised
- 110 V power supply
- Machine colour
