

The BTS-MF450hd and 550hd Special Waste Balers are ideal for compacting difficult materials such as scrap tyres, plastics like car bumpers and plastic canisters, cans, barrels and metal buckets, PET bottles, big bags and much more. The special baling presses impress with their easy operation and large filling volume. Finished bales can be easily removed from the baler with the automatic bale ejector.

### BTS-MF450hd

- Extended cylinders produce a more compact bale with up to 550 kg
- Suitable for baling scrap tyres, car bumpers, metal and plastic containers, PET-bottles, computer monitors and other heavy duty materials
- Extra strong machine body
- Retaining Claw system to reduce spring back
- Fully automated bale ejector simplifies removal of bale
- CE-certified
- Quality product Made in Europe
