

Singleshaft shredder ZENO, type ZTLL 1600 x 2300, yoc 2010, 13,727 operating hours, drive power 75 kW, 42 pieces cutting crones

The shredder was used for shredding nonwovens and needle felts etc. and is in good, immediately usable condition. The machine is being replaced by a larger shredder due to its low throughput capacity. The machine is currently still assembled and can be inspected under power.

Technical data shredder:

Manufacturer ZENO Zerkleinerungsmaschinenbau Norcken GmbH

Type ZTLL 1600 x 2300

Year of construction 2010

Operating hours 13,727 hours, as of May 24

Inlet cross-section 1600 x 2300 mm

Main drive power 75 kW

Rated current 134 A

Hydraulic slide gate drive 5,5 kW

Rotor flight circle 600 mm

Rotor speed approx. 85 rpm

Number of cutting tools 42 knives, with tool holders

Screen perforation 40 mm

Weight approx. 14000 kg

Scope of delivery:

Only the shredder with control cabinet is for sale. The discharge conveyor belt and the air conveyor system are not included in the scope of delivery.

Remark:

The shredder was used for shredding nonwovens and needle felts etc. and is in good, immediately usable condition. The machine is being replaced by a larger shredder due to its low throughput capacity. The machine is currently still assembled and can be inspected under power.
